PARTICIPATE IN THE ACTIVITY FROM THE ROADBOOK

WHAT IS A ROADBOOK?

It is a route book that contains a series of instructions to guide you in order to complete the route, passing through all the points.

3 ROUTES, 3 ROADBOOKS

3 Roadbooks that will make you enjoy 3 routes of different difficulties (green, red, black)

GREEN ROUTE: Low difficulty. A simple experience but with good views.

RED ROUTE: Medium difficulty, the reducer begins to be useful.

BLACK ROUTE: Difficult difficulty and expert hands.

HOW DO YOU PARTICIPATE?

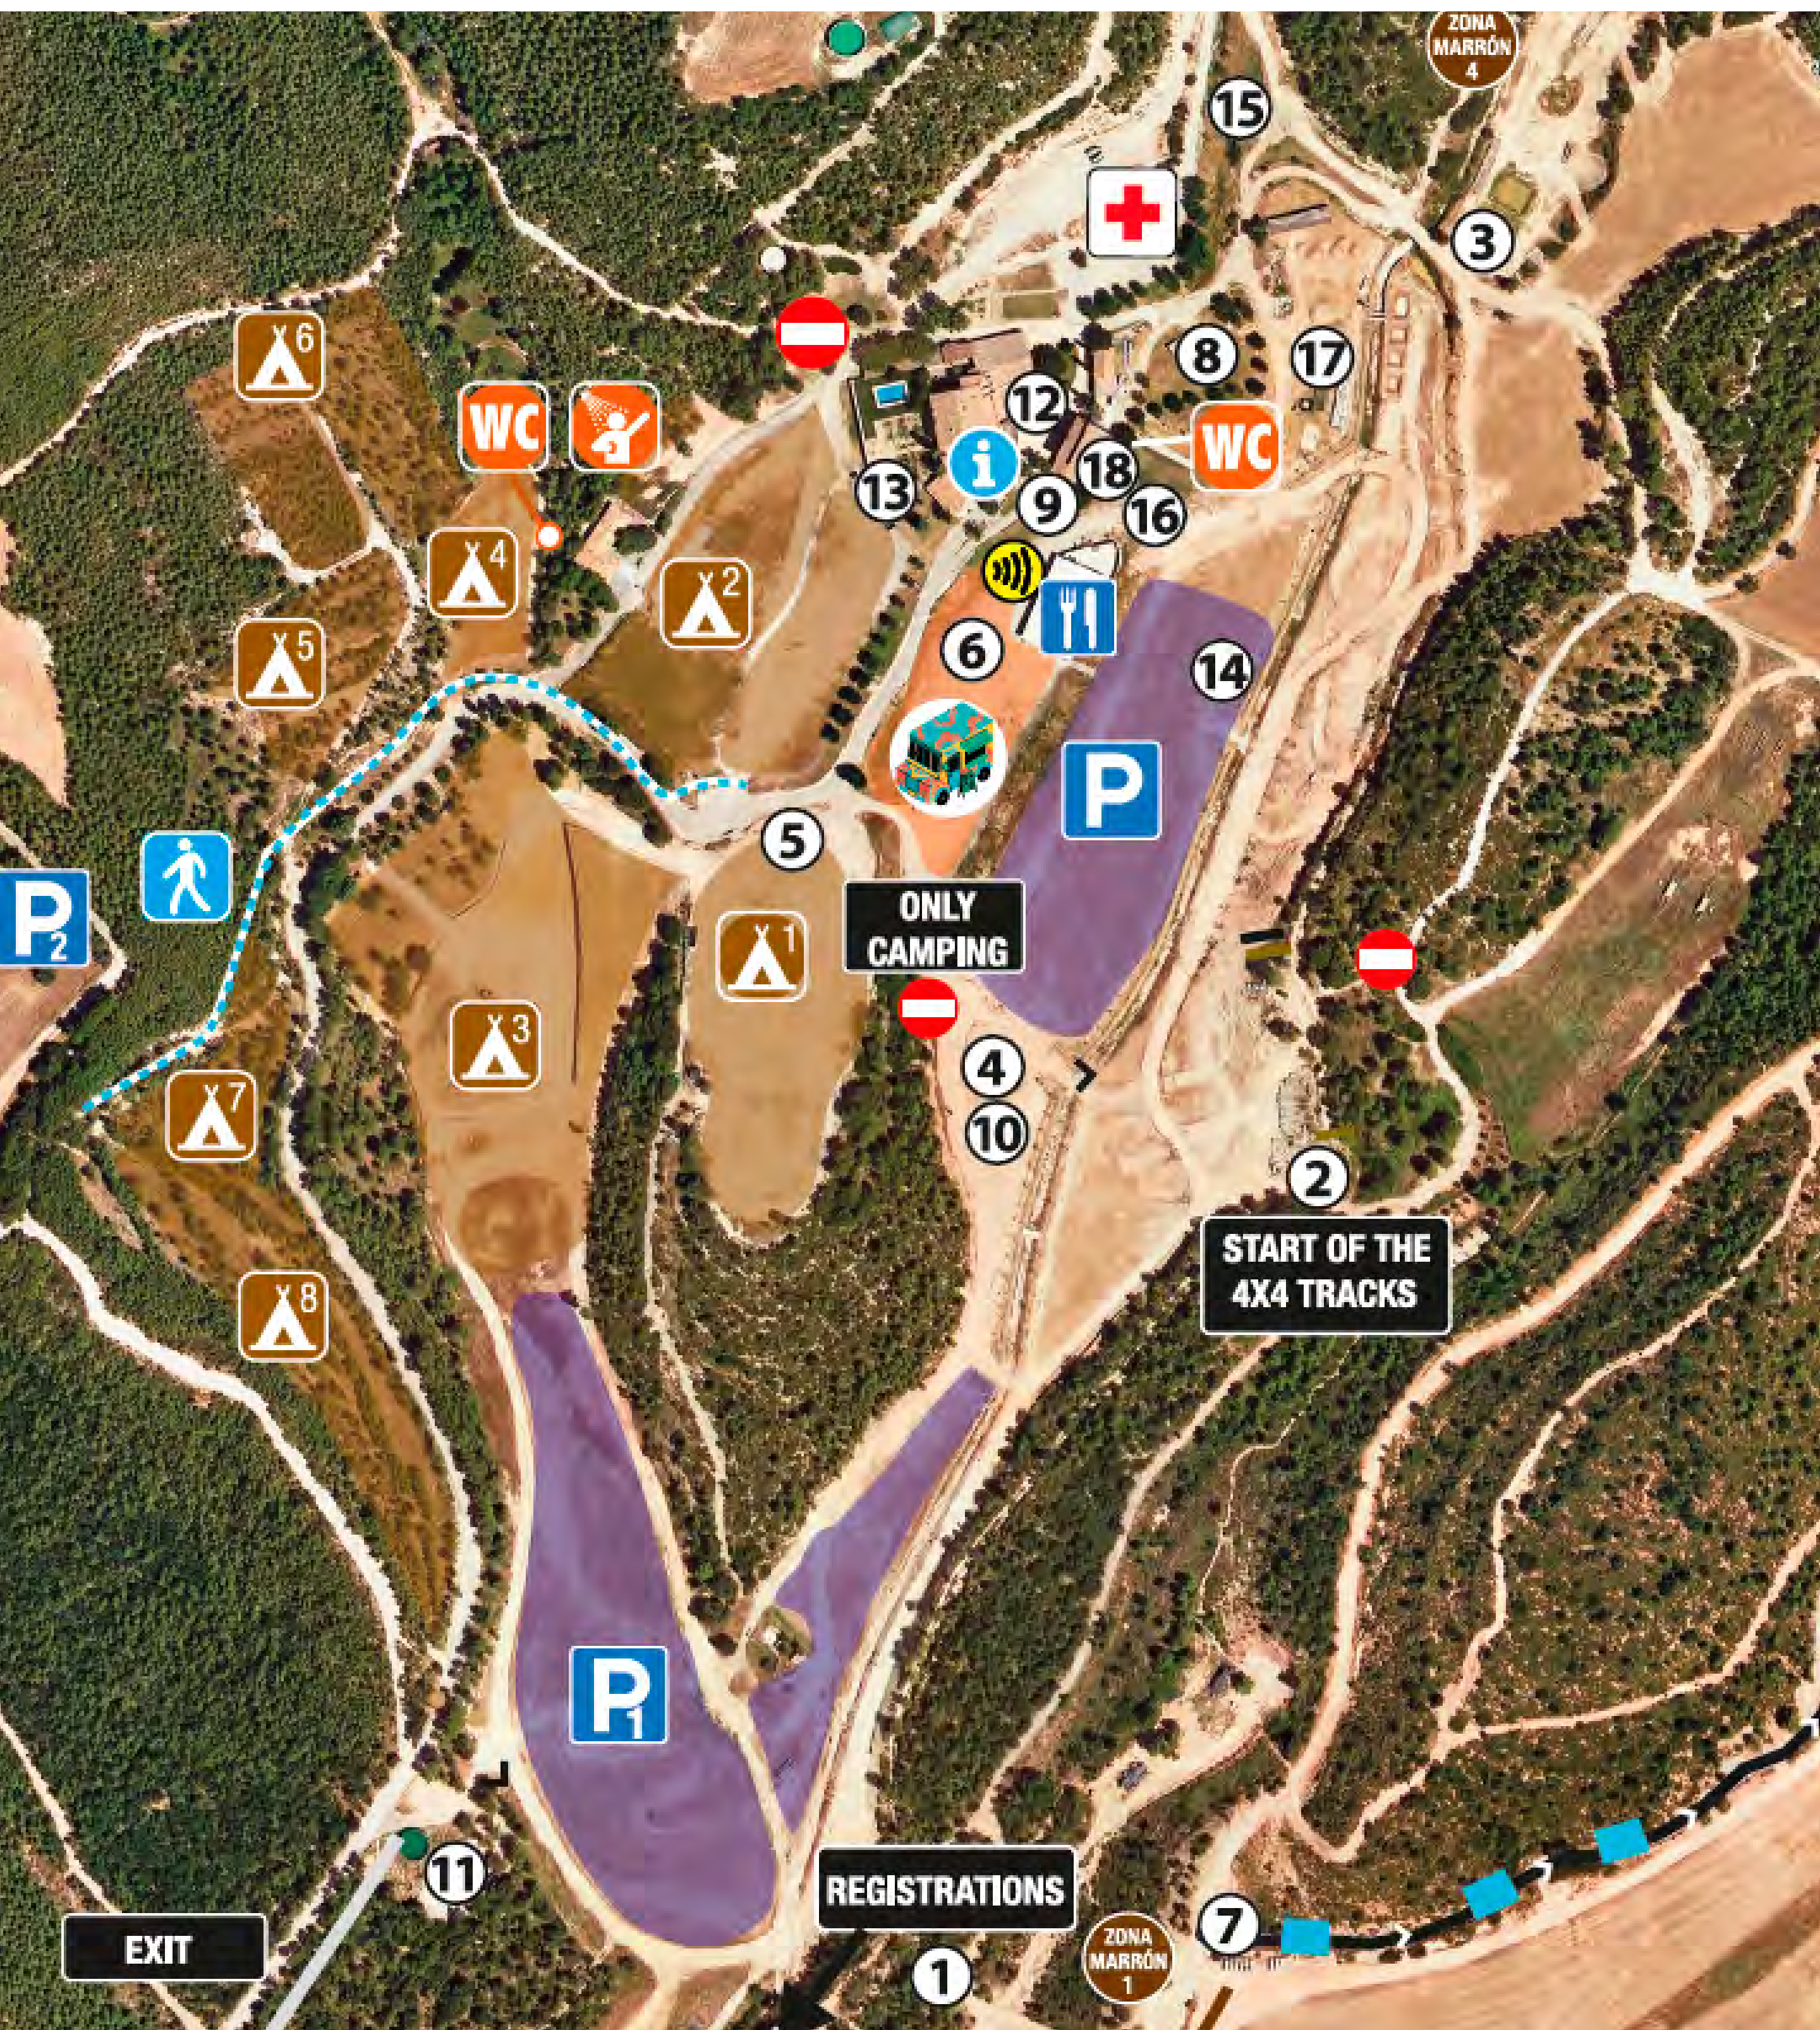

Download the APP Rally Tripmeter and the track of the route before reaching Les Comes. When you arrive at Les Comes Start your route at the exit arch that you will find in the 4x4 car park and go through all the points in the roadbook.

The more than 80 kilometers of tracks on Les Comes terrain make this location the ideal place to practice 4x4 at all levels.

These routes are divided into colors according to the difficulty:

INITIATION CIRCUIT

DIFFICULTY ● ○ ○ ○ ○

Ideal to see in a small space the characteristics of our vehicle and its abilities. The place to experience the first sensations at the wheel of our Land Rover.

RED TRACKS

DIFFICULTY ● ● ● ○ ○

They are more delicate and broken tracks that can get worse depending on the inclement weather. The reducer begins to be useful.

GREEN ROUTES

DIFFICULTY ● ○ ○ ○ ○

Of low difficulty, ideal for beginners and users of SUV vehicles who want a simple experience but with excellent views of the Bages region.

BLACK TRACKS

DIFFICULTY ● ● ● ● ○

The reducer is essential and mandatory. Broken roads with steep slopes and sometimes deep ruts. It is advisable not to enter these paths alone and in case of bad weather accessibility to these is practically nil.

BLUE TRACKS

DIFFICULTY ● ○ ○ ○ ○

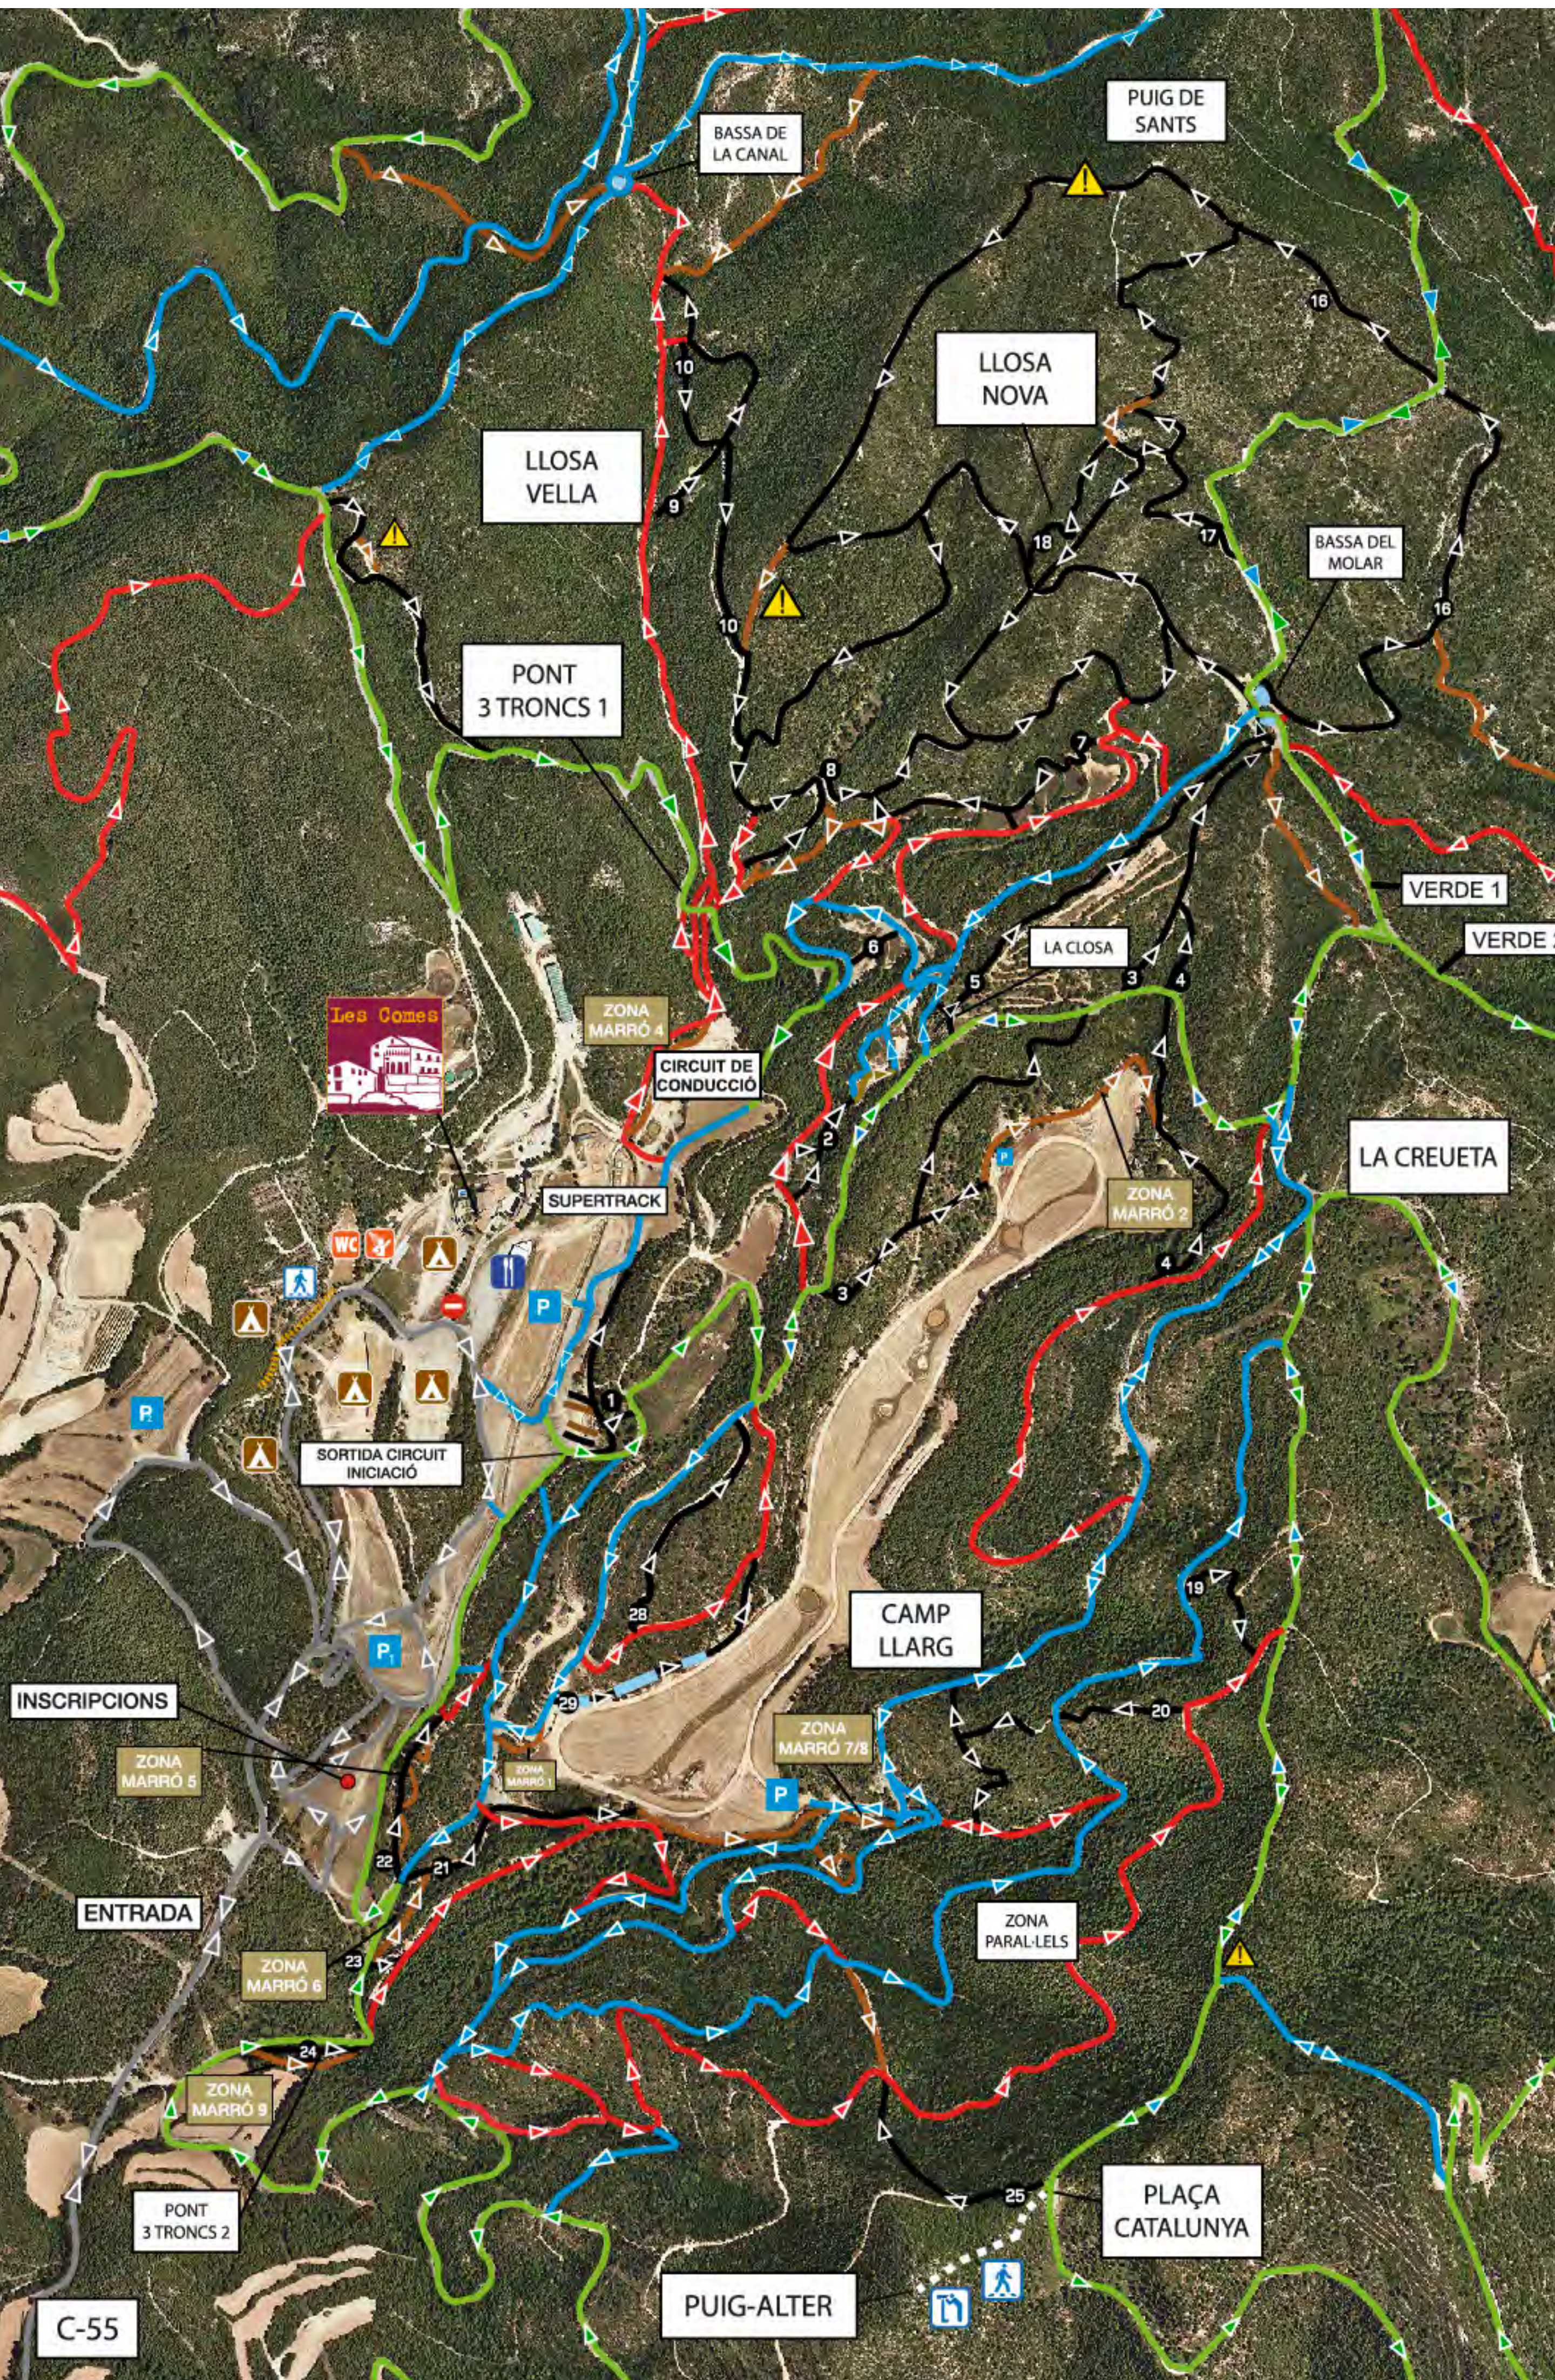

Tracks created expressly for SUV vehicles. Without a doubt, a good excursion for participants who, without putting their vehicle at risk, can test its performance.

BROWN AREAS

DIFFICULTY ● ● ● ● ●

Only for experts and prepared vehicles. They are the areas with maximum difficulty dedicated to those who do not care if the vehicle "gets dirty" to say the least. It is recommended to carry rescue tools such as the Winch, the sling, the Hi-Lift etc.

TRACK MAP

— Circuit d'iniciació circular 1 i 2 / Circuito de iniciación circular 1 y 2 / Circuit d'initiation 1 et 2
 *Sortida i arribada a la masia / Salida y llegada a la masia / Départ et arrivée à la ferme.

— Pistes d'iniciació / Pistas de iniciación / Pistes d'initiation

— Pistes de dificultat baixa / Pistas de dificultad baja / Pistes de difficulté basse

— Pistes de dificultat alta / Pistas de dificultad alta / Pistes de difficulté haute

— Zones extremes / Zonas extremas / Zones extrêmes

- - - - Accés vianants / Acceso peatonal / Accès piétons

POINTS OF INTEREST

In Les Comes we have places that, due to their characteristics, can mark the history of 4x4 in the Peninsula. Discover them:

LLOSA NOVA

ACCESS ● ● ● ●

DIFICULTY ● ● ● ●

One of the most charismatic spots in Les Comes. A side step on a natural stone floor that will lead us to another difficult step such as a "V" step prior to the climb to Puig de Sants. A route suitable for vehicles with gearboxes and experienced drivers.

PUIG DE SANTS

ACCESS ● ● ● ○

DIFICULTY ● ● ● ○

Difficult access, difficult realization. The highest point of Les Comes (614m). It is accessed by an ascent with a lot of loose stone and it is lowered by a no less demanding descent with a step that is difficult to cross in the middle of the descent.

PUIG ALTER / PLAÇA CATALUNYA / PARAL·LELS

ACCESO ● ○ ○ ○

DIFICULTY ● ● ○ ○

Easy access. The difficulty of the realization will depend of the tracks you take at this point. The highest parallel in the area is located on the Puig Alter mountain (522 m). In this mountain we will find a set of paths that run parallel and that are joined together at some points by tracks that are difficult to carry out. It is especially interesting to pass through black and red tracks from one parallel to another. At the point of Plaza Catalunya you can find beautiful views of Montserrat.

POINTS OF INTEREST

CIRCUITO ESCUELA

ACCESS ● ○ ○ ○

DIFICULTY ● ● ○ ○

Ideal to see in a small space the off-road capabilities of our vehicle. The ideal place to experience the driving sensations before hitting the slopes with the Land Rover.

VILADELLEVA

ACCESS ● ○ ○ ○

DIFICULTY ● ○ ○ ○

Easy access, easy implementation. Catalan farmhouse with a pre-Romanesque hermitage and a necropolis from the early 13th century. From there we can go to the areas furthest from the house.

PASOS DE AGUA BRAVO SNORKEL

ACCESS ● ● ○ ○

DIFICULTY ● ● ● ○

Easy access, moderate performance. 250 m black track where we find 3 artificial water bases where the depth ranges from 50cm to 80cm. Deep ruts and mud.

PUENTE DE LOS TRES TRONCOS

ACCESS ● ● ○ ○

DIFICULTY ● ● ● ○

Accés regular, realització difícil. Pas per una zona amb diversos ponts de troncs que ens serviran per franquejar un rierol. Recomanable copilot o ajuda externa.

LLOSA VELLA

ACCESS ● ● ○ ○

DIFICULTY ● ● ● ○

Regular access, difficult realization. La Llosa Vella is a track with a sloping stone floor that will take us to other tracks of high difficulty. If it rains or is wet, it is preferable NOT to drive in this area or consult the organization.

LA CLOSA

ACCESS ● ○ ○ ○

DIFICULTY ● ● ● ○

Easy access, difficult realization. Accessing from Les Comes house to La Closa is easy, but from there there is the option of taking a narrow track with a stone floor, ideal for speed reduction.

ACTIVITIES AND SERVICES

4X4 TRACKS

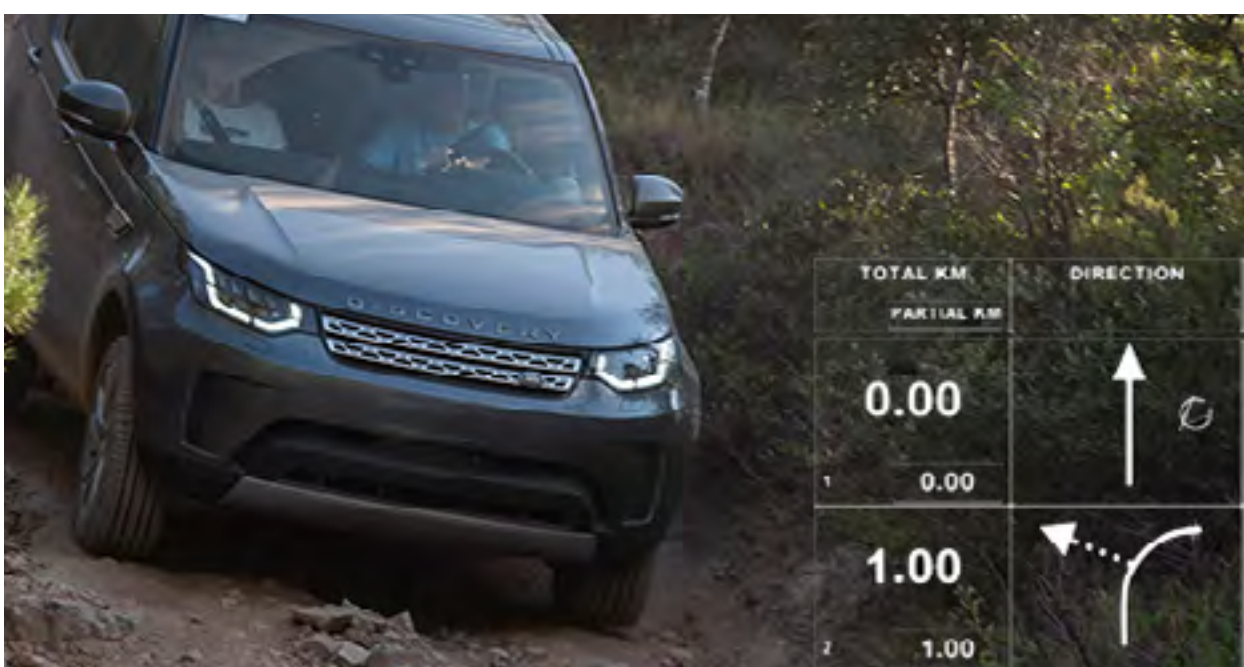

Les Comes offers you 80 km of off-road tracks classified by color according to the level of difficulty. Choose the route that best suits the capabilities of your vehicle and enjoy new sensations at the wheel of your Land Rover.

INITIATION CIRCUIT GENERAL TIRE

Before drive on tracks, practice with your Land Rover on this circuit, where you will find side steps, steep descents, mud and everything you need to improve your driving skills and tackle the routes with more confidence.

ROADBOOK

Participate in the Roadbook activity! Download the Roadbook that best suits your level and that of your SUV and live the experience of a Rally Raid. This Roadbook has been designed by Xavi Colomé, creator of the Dakar routes in recent years.

[DOWNLOAD IT HERE](#)

BROWN AREAS

Extreme areas that are especially attractive both for drivers with great experience and prepared vehicles, as well as for visitors who want to enjoy the spectacle offered by these vehicles overcoming all kinds of obstacles.

NEW DEFENDER

Discover the Defender model range and its new features. Find out from the sales representatives or visit the nearest dealership.

SUPERTRACK GENERAL TIRE

Spectacular amateur timed test where participants will have to overcome obstacles of all kinds. At the end of the test, prizes will be awarded to the first classified.

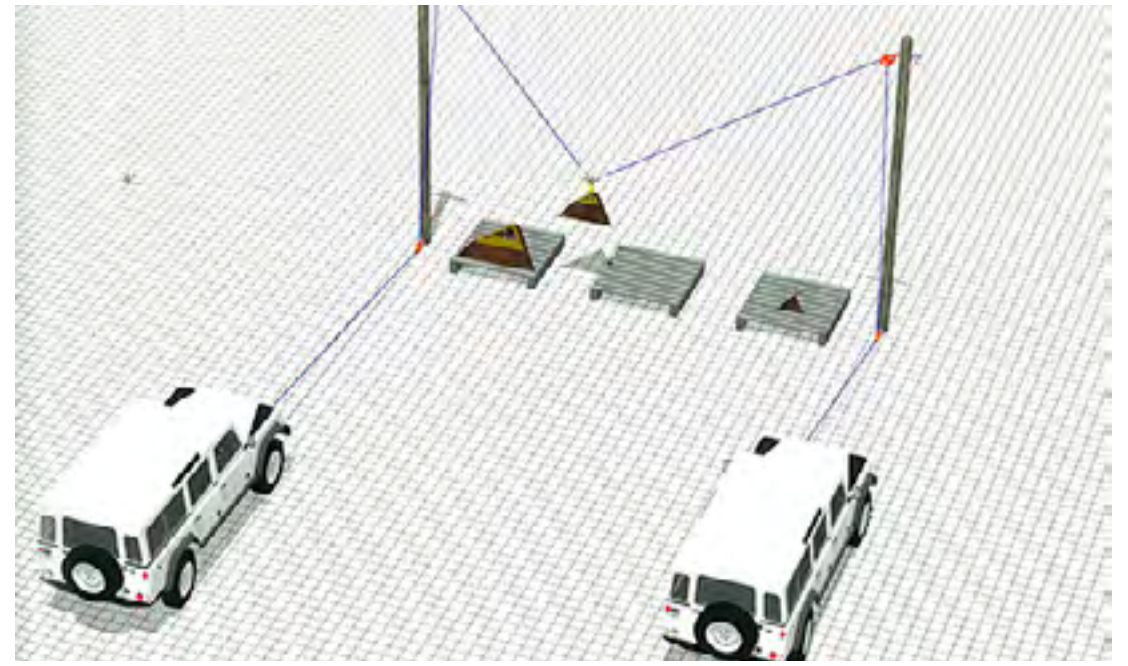

GENERAL ACTIVITIES

WELCOME PARTY

On Friday night don't miss the Welcome Party! We will welcome all participants with music and chocolate.

NEW LR SKILL ZONE

Demonstrate your skills at the controls of your Land Rover in this fun precision test.

NEW MARKSMANSHIP

Test your aim in the new Les Comes shooting area! A fun and dynamic activity for the most daring!

TRADE FAIR

Don't miss the commercial area with the presence of stands with various themes. A space for meeting and worshipping the brand.

ZONA INFANTIL

The little ones will enjoy a recreation area prepared especially for them. Inflatables, workshops, games and many more activities.

CIRCUIT CRAWLER TRAXXAS

Test the TRAXXAS Land Rover RC on this circuit for children and adults.

CLIMBING WALL

Try the new routes of the 12 meter high climbing wall!

LAND ROVER DEMO ZONE

Don't miss the opportunity to test the latest models in the Defender range.

LR CLASSIC EXHIBITION

The "Històrics.org" club brings us some of its incredible oldest and most original Land Rover vehicles. Enjoy this exhibition.

EXHIB. RC CRAWLER PARK DE TOYS WHEEL DRIVE

Don't miss this spectacular exhibition of radio-controlled Land Rover Crawlers sponsored by TOYS WHEEL DRIVE.

SUPERTRACK GENERAL TIRE

The Supertrack is also a great show for all visitors who want to see the Party's most extreme vehicles in action!

LES COMES 4x4 TOUR

Discover Les Comes on a 4x4 military truck on this guided circuit that will take you to discover the secrets of the estate.

PILATES

On Saturday and Sunday get in shape with a Pilates class for all ages.

YOGA

Experience the path to a healthier and more balanced life with a morning Yoga class!

CONFERENCE

Don't miss the Land Party conference. A time to share Land Rover anecdotes together.

LIVE MUSIC

On Saturday night enjoy live music with the group Zapping.

WATER AREA BRAVO SNORKEL

Cool off in the water passes of Les Comes, an area sponsored by Bravo Snorkel where you can feel like the participants of the Camel Trophy!

POPULAR PAELLA

On Saturday night we invite all participants to enjoy a popular Paella! You can't miss it!

LAND ROVER EXPERIENCE

LES COMES

#LandRoverExperience

EXPERIENCE

CURSOS 4X4

www.landroverexperience.es

EXPERIENCE

Land Rover Experience (LRE) is the driving division of Land Rover which encompasses an international network of driving centres, professional instructors and event planners.

Driving course Level 1

To start in the 4X4 world. This course instructs in the operation of 4x4 transmissions, the electronic aids available to Land Rover vehicles, the Terrain Response system, patented by the brand, and the risk assessment system that differentiates Land Rover courses from competence.

Half-day program:

October 21, 2023
January 13, 2024
May 25, 2024
June 22, 2024

Driving course Level 2

Advanced driving program for people who own an off-road vehicle, with some kind of experience, and who want to deepen in 4x4 techniques. A review of the knowledge acquired in level 1 is made, it is shown how to deal with complicated situations and an introduction to vehicle recovery methods is made.

One-day program:

November 18, 2023
April 13, 2024
June 20, 2024

THE PARADISE FOR OFF-ROAD EVENTS

Les Comes is a private estate with 70 km of forest tracks and 550 hectares of land, prepared and equipped with the technical elements and human equipment necessary to carry out any type of event. A unique and exclusive place at your service..

SECURITY AND ENVIRONMENT

- Drive with caution, minimizing erosion and avoiding damaging the terrain.
- As slow as you can, as fast as necessary. This motto will get you through most obstacles while minimizing your environmental impact.
- Follow always existing paths.
- Make sure your vehicle is well prepared for the trip. Bring adequate tools and spare parts, regularly check the condition of the engine and avoid losses of oil, fuel and hydraulic fluids.
- Be responsible for your actions, even when you are not driving; use biodegradable or ecological cleaning products, wash the vehicles away from water currents (rivers, streams, etc.) and take the garbage home.
- Do not make fire in areas that are not properly marked for this purpose.
- Use the tools of your vehicle responsibly and make good use (winch, winch, etc.). If you have any questions about the use of these tools, ask the organization.
- Do not put the cable of your winch directly to the trees, use slings to avoid damaging them.
- If your vehicle is equipped with Terrain Response, put it in the proper position before venturing with gearboxes on difficult surfaces. In this way you reduce wheel spin and damage to the ground. The same applies if your vehicle has a differential lock.
- Before getting back on the road, check the condition of the lights, tires and bodywork, and clean the license plates. Once on the road, drive slowly to prevent damaging other users with mud or rocks that could jump off your tires.
